Master Plumber License Requirements

The City of Brooklyn Center requires a copy of the State master plumber's license and \$25,000 code compliance bond to be on file with the City prior to the issuance of plumbing permits. It is the responsibility of the contractor to call for inspections (763-569-3344). 24 hour notice is required. EMERGENCY repairs may be done prior to obtaining a permit provided a permit is pulled within 48 hours.

(Per Minnesota Statutes, Section 326.40, Subd. 2 Plumbers must be licensed by the State Commissioner of Health in any city with a population of more than 5,000 before engaging in the business of installing plumbing. No person or firm shall engage in plumbing installation unless a licensed master plumber is in charge of the work at all times.)

PLUMBING PERMIT AUTHORIZATION FORM

Plumbing permits will be issued **only** to the master plumber **unless** his representative can present an authorized document from the master plumber giving the representative permission to apply for permits in the master plumber's absence.

This form gives authorization to the individual named below to obtain a plumbing permit for the master plumber and must be submitted when someone other than the master plumber is obtaining the permit. A signed copy must be on file or a permit may be denied.
