**Keep children away from the construction.** Construction activity and machinery can often attract the attention of curious children. Your assistance in directing your children away from construction areas is appreciated. Construction vehicles can move quickly and suddenly. Please stay clear of machinery and construction stockpiles and trenches.

Safety is always our highest concern during the construction of these types of projects. Please slow down through the construction zone for the safety of others, and the workers on site, as well as your own safety. Thank you for your consideration and patience.
