Subject: Orchard Lane East Improvements

Dear Resident:

The City of Brooklyn Center's Capital Improvement Plan identifies a potential street improvement project in your neighborhood. A map of the proposed project area is pictured on the back of this letter. This project is tentatively scheduled for next year, 2024. A feasibility study is in process to evaluate the need for the project and estimated cost of the streets and utilities improvements.

Please note that part of this project will be funded by special assessments - payments made by property owners within the project area. More information on assessment amounts will be available when the feasibility study is completed.

A Neighborhood Open House is scheduled to gather additional information and solicit input from neighborhood residents.

**THURSDAY, AUGUST 3, 2023, 5:30PM – 7:30PM  
COUNCIL CHAMBERS (UPPER LEVEL)  
CITY OF BROOKLYN CENTER CITY HALL  
6301 SHINGLE CREEK PARKWAY**

This meeting provides an opportunity for the public to receive information on the project and ask questions to the design team. The proposed project includes street rehabilitation on streets as shown on the enclosed map. Comments received at the meeting will be included in the feasibility report which will be presented to the City Council.

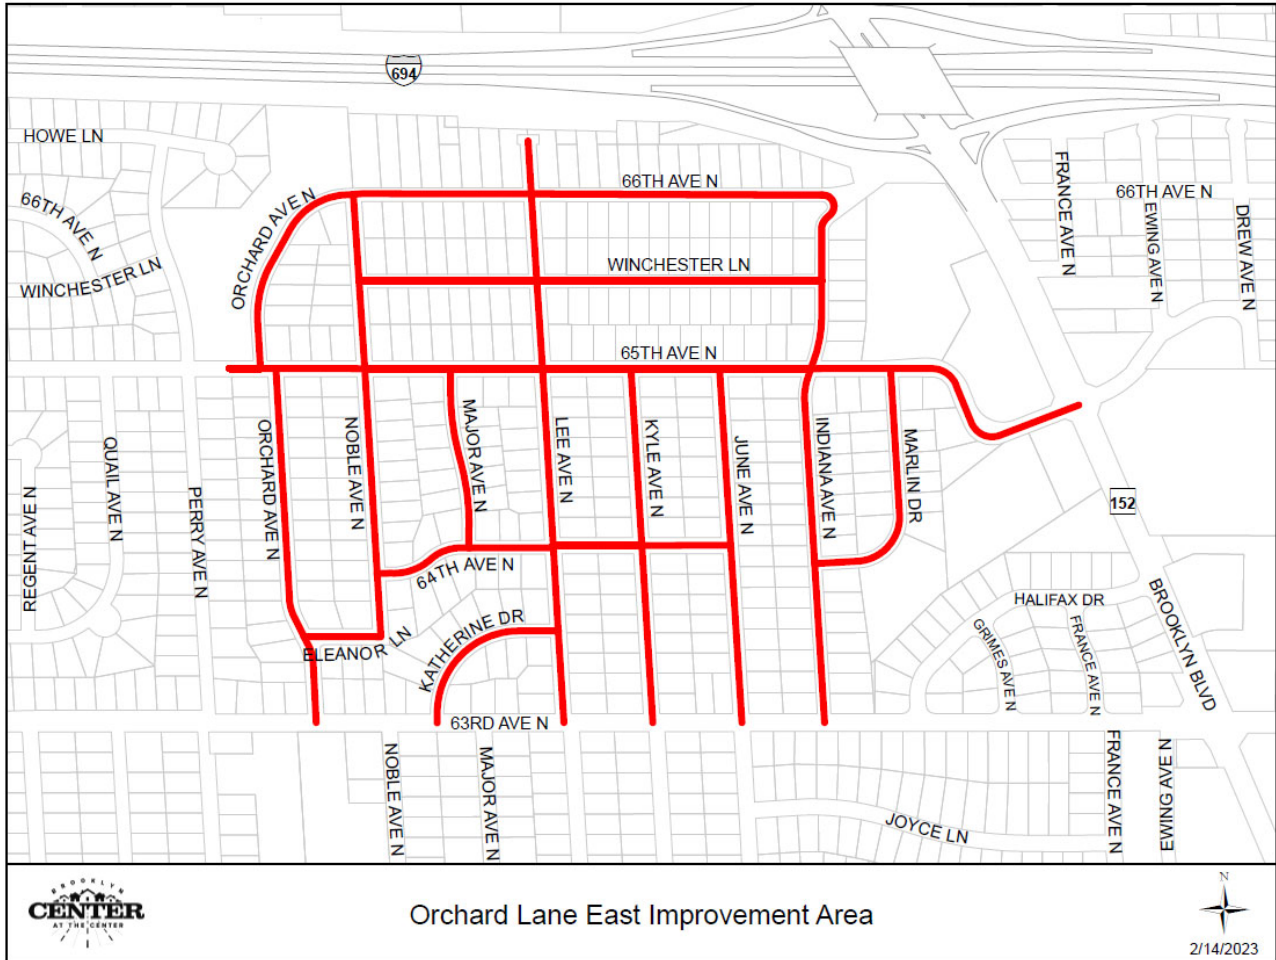

In addition, a questionnaire has been included with this mailing to help the City of Brooklyn Center Engineering staff to better understand the infrastructure needs and issues in your neighborhood. This survey can be returned in person at the neighborhood meeting or by mail. You can also take the survey online by following the link or scanning the QR code on the survey.

For more information on the project please visit the project website via the following link <https://bit.ly/3MblwQ1> or QR code on the back of this letter. If you have any questions about the data collection or the feasibility study, please contact the Engineering Division at 763-569-3340 or [publicworks@ci.brooklyn-center.mn.us](mailto:publicworks@ci.brooklyn-center.mn.us).

Sincerely,

Public Works Department - Engineering  
City of Brooklyn Center
